## VALLEY HEADQUARTERS OPENED BY DEMOCRATS

**Charleroi to be Central  
Point in Wilson  
Campaign**

**EFFECT ORGANIZATION**

**Meeting Held Monday--Plans  
Being Laid For Monster  
Rally This Month**

Democratic headquarters for this part of the Monongahela valley for the advancement of the Wilson-Marshall national ticket, are to be opened up in Charleroi. Monday night a meeting of Democrats was held in the former Plate Glass club rooms, and an organization was effected by the election of E. H. Arrison, president; R. Dale Jolliffe, secretary and Dr. J. W. Manon, treasurer. The Plate Glass club rooms will be used for headquarters which will be second only to the organization in the county.

Plans are under way for a monster Democratic rally to be held sometime this month, when a good array of speakers will be secured. It will hardly be possible to have here Woodrow Wilson the standard bearer of the Democratic party in the national campaign, but the local Democrats will make an effort to go to Pittsburg in a body to hear him, and to participate in the rally to be held in Charleroi.

Twenty-five voters became members of the new organization. Another meeting will be held Friday, when a large number of Democrats are expected to enroll their names. Members will be admitted from Monongahela, California and other points along the Monongahela valley.

Already the leading spirits of the organization have lines out to secure notables for the rally to be held here, an announcement will be made later of their names, together with the date for the rally.

## STRIKE SETTLED AT NAOMI AFTER SHORT DURATION

## Two Families Hold Reunion

**Scotts and Carsons Meet in  
Woodland of One of  
the Generation**

The Scott and Carson families held a reunion Saturday last at the woodland of Joseph Carson, at Maple Creek. There were about 150 of the two families present. Dinner was served at one large table. Stories and anecdotes were related. Cornelius Carson of Monongahela was elected speaker of the next General Assembly of the families which will be held the second Saturday of September 1913. Lewis Carson was elected vice president; John S. Rodgers, secretary; Mrs. Cora Duval, corresponding secretary; Henry Scott, treasurer. The refreshment committee will consist of John A. Noah and Joseph Carson; the sport committee of Jessie, Roy and Harry Carson and the committee of resolutions, Mrs. Milton Blythe, Mrs. William Alies and Mrs. Henry Carson.

## TO START ON TOUR IN WEEK

**Prof. J. G. Pentz Now  
Much "at Home" in  
New Position**

**WILL BE HERE SHORTLY**

Prof. James G. Pentz, former superintendent of the Charleroi schools who recently assumed the position of High School inspector in the State has fitted himself into his niche with the air of one thoroughly familiar with the work, and has become one of the important fixtures of the State Department of Public Instruction. Prof. Pentz has only been out on one trip of High School inspection, since taking up the position, having spent the most of the time at his office in Harrisburg.

It will probably be three weeks before Prof. Pentz will get to Western Pennsylvania, then he will visit Washington county. Next week Prof. Pentz will start on a tour that will embrace visits to Bedford, Adams and Chester counties. This tour will immediately precede his Washington county visit. He will get in some side trips to rural sections that he will have to drive to.

**W. C. T. U. To Meet.**  
The Charleroi Woman's Christian Temperance Union will hold its regular meeting tonight at 7 o'clock at the rooms in the Odd Fellows' building.

## PRIZES OFFERED IN LIMERICK CONTEST

**Unique Idea Put Into Effect Today by Mail Affords Unusual Opportunity for Ingenious Persons--Money to be Divided**

Every reader of the Mail will be pleased to learn that with this issue is begun a Limerick Contest in which all subscribers and friends are invited to take part. On another page will be found a series of advertisements of local merchants and at the top of each announcement is a "Limerick," or short verse of poetry furnished as a model. These business men have co-operated with the Mail in making this one of the most original and unique contests and advertising campaigns ever conducted through a newspaper. As stated by the instructions found on the page with the advertisements, weekly prizes will be given to those writing the best Limericks suited to the advertisements.

Now, get your brain to working and write a Prize limerick. Every week twenty-eight different Limericks will be published from the number submitted by readers of the Mail. A Limerick is not at all difficult to write. Study the different specimens and especially become acquainted with the names of the advertisers, that you can gracefully work their names into the Limericks. You can write as many Limericks as you please for any week for any or all the merchants represented on the page.

On the page this week there are various forms of Limericks, but there is one special form of construction that is especially desirable. It reads something like this:

When the cost of living is high,  
And prices soar up to the sky,  
Look over our line  
We've everything fine;

You'll find—the right place to buy.  
The Limerick would of course contain the name of the dealer for whom you are writing the verse, and your own originality and the acquaintance you show with the advertiser will be great factors in winning prizes.

Whoever has started to write Limericks has found a delightful pastime and exercise for the mind. School girls and school boys should begin to use their wits to grind out suitable and snappy Limericks. Even if you don't win a prize, you may have the opportunity of seeing your effort in print. If you want your Limericks published with your name signed to them, place your name at the bottom of your contribution. If you desire your name withheld from publication, sign on the back of the paper, so that we will know who is the author in case the Limerick is a prize winner.

You can send in your contributions by mail, or leave them at the office of The Mail, merely marking them for "The Limerick Editor." As formerly stated there is no limit to the number you can submit. If your mind is fertile enough it is suggested that you write one for each advertiser represented in this contest. But do not neglect quality. That is what will win prizes.

The sole object of this Contest is to furnish amusement for readers of the Mail and to familiarize the public with the names of the leading business men of Charleroi. It is especially suggested that you study the window displays of these merchants and visit their stores in order to become acquainted with the special articles they are specializing. Often, by buying an article, you will become acquainted with the merits of their goods and thus be able to write to the point about their goods.

Prizes will be awarded weekly. For other information as to the amount of prizes, etc., turn to the "Limerick Page" and watch for this entertaining feature every Tuesday for the next ten weeks.

Be sure and send all Limericks to the Mail office, not to the advertiser. All Limericks will be carefully read and judged solely on their merits.

## BODY OF BABE FOUND BY ROAD

**Sensation Caused by Discovery at Belle Vernon--Investigation Being Made**

**FOUL PLAY SUGGESTED**

A woman residing in the vicinity of Speers Run, at Belle Vernon, while walking from her home Tuesday afternoon was greatly surprised to discover the nude form of a baby lying on a vacant lot near the street car tracks.

She hurried to police headquarters and reported her find and Officer Thomas Carnes hurried to the scene of the gruesome find. The police man notified Deputy Coroner Dr. John W. Gordon of Belle Vernon, who ordered that the infant's body be buried. The officer then interred the body near the scene where it was found.

The police department of Belle Vernon is making an investigation into the case in an effort to ascertain the parents of the child.

## "TRUSTEES" MAY WORK AROUND COUNTY JAIL

**Leave For  
Other Jobs**

**Strikers at Fayette City Railroad Yards Moving Away From Valley**

Many of the men who went on strike at the P. & L. E. yards at Fayette City a week or more ago are leaving the vicinity for other points where they are securing work. Sixty men are now employed at the yards, where previous to the strike 200 or 225 were kept busy. Deputies are guarding the property, although there is no semblance of trouble. Two meetings of the striking men were held Sunday, one in the morning and one in the afternoon. It is thought probable that soon the full number of men will be at work. The strike was called to secure an advance in wages.

## NEW IDEA TRIED IN PITTSBURG

**Commercial School Under Heeter Regime is Opened**

**PART OF HIGH SCHOOL**

An innovation in the Pittsburg schools, a commercial high school course of two years, was started Monday morning in the Ralston School at Penn avenue and Fifteenth street, with nearly 200 pupils in attendance. Superintendent S. L. Heeter made an address and introduced the principal, W. L. Leopold. The new course is designed to meet the needs of pupils who are unable or find it not convenient to complete the full four years' course. In regard to the questions asked of these pupils, especially that in regard to the income of their parents, Superintendent Heeter says:

"In nearly every case all of the questions were answered and there has been no complaint regarding them made by any one, either to myself or to any of the teachers. However, no discrimination was made against any pupil not answering any of the questions and all who wished to attend have been admitted."

Two other new branches of work were opened yesterday—industrial elementary schools for boys and girls over 14 years of age in the North School, Duquesne way, and in the Irwin Avenue School, Northside. O. W. Burrows, principal and 12 instructors and L. H. Turner, principal and the same number of teachers, composed the corps of teachers in both.

**So Decides Court in Peculiar Case in This County**

**ACTION IS APPROVED**

**Prison Board Accepts Recommendations of the Court in Premises**

The controversy between County Controller J. H. Moffit and Sheriff R. G. Lutton concerning the work of jail trustees about the Washington court house and jail and the compensation of the sheriff for overseeing the prisoners, has been settled. Judge J. A. McIlvaine. The trustees were sent back to work about the county buildings Monday afternoon, and they were so glad to be released that the order to return was greeted with a cheer.

The release of the trustees followed the action of the court Monday morning, when a tentative opinion was given by Judge McIlvaine in the matter of the dispute between the controller and sheriff. The court also suggested certain rules and regulations for adoption by the prison board, subject to the approval of the court. Later in the day the prison board, consisting of the three county commissioners and the sheriff adopted rules and regulations as suggested. Within a few moments they were approved by the court.

Following the tentative opinion in court Monday morning Judge McIlvaine in the afternoon handed down an opinion covering the entire question. Reviewing the different acts covering the question at issue the court arrives at the following findings:

"First: That male able-bodied prisoners sentenced to simple imprisonment in the county jail for their own good and welfare, ought to be and can be required to perform: healthful manual labor both in the jail and on the county buildings and property adjacent thereto and on the public roads.

"Second: That the county commissioners and the sheriff as a prison board, with the approval of the President Judge, can and ought to adopt rules and regulations governing how these prisoners shall be detailed and worked in and about the public buildings as well as when they work on the public roads.

"Third: That the sheriff (or his deputy designated by him for that purpose) can detail the prisoners to do work and look after their safe keeping and good conduct and that."

## VOTERS WHO STAY AT HOME

"In the last Presidential election  
one out of every three citizens who  
could have voted had they taken the  
trouble to qualify and go to the polls  
failed to cast their ballots. In other  
words, more than 7,729,000 of the  
voting population did not exercise  
their sovereign prerogative. That  
is to say, 50,000 more than all whose  
votes were cast to elect Taft did not  
vote at all," says the Pittsburgh Dis-  
patch.

"This proportion of about 66 per  
cent of the voting population taking  
part in the polling seems to be fair-  
ly well distributed. In some places  
it may go as high as 75 or 80 per  
cent, but rarely and then under sus-  
picion. Pittsburgh four years ago had  
less than 70 per cent of its voting  
population registered. To register  
66 per cent of it this year will re-  
quire the qualification of nearly 60,  
000 voters in the next two registra-  
tion days—today and October 3.  
The total registration in 1908 was  
but a fraction over 70,000. Sixty-  
six per cent this year would mean  
about 83,000. If anything like this  
number attempts to register, the  
crush on the last day will be terrific.  
Those who failed to take advantage  
of the first day of registration two  
weeks ago will therefore see the ur-  
gent necessity of not permitting to-  
day's opportunity to pass.

## THE GOSPEL OF DISCONTENT

Speaking of the clamor of discon-  
tent that is permeating the country,  
the cause for which is chiefly attrib-  
uted to the magazines, the New  
York Herald says:

We now have the spectacle of a  
very large portion of the country  
teetering on the edge of an upheaval  
because the public is being made to  
believe that it is badly governed and  
suffering, in consequence, from actual  
want. What nonsense! Not in a gen-  
eration has this United States been  
so blessed with prosperity, good  
crops, ample employment and living  
wages. There is not a care for to-  
morrow. Yet the disciples of woe are  
tearing about the country madly in  
luxuries special trains telling the  
nation that the only way in which it  
can be rescued from its present  
plight is to turn the country upside  
down and inside out.

When people cease trying to buy  
tires on inner core incomes, and get  
down to a basis of personal thrift,  
economy and comfort, the cause of  
discontent will have vanished. It is  
not the misgovernment of the coun-  
try that is causing the clamor. It is

the longing for luxuries that are out  
of reach of ordinary people, and the  
socialist attempt to ape expensive fas-  
hions that are ridiculous and expen-  
sive.

embarrassing things of life is to go

## PICKED UP IN PASSING

"We're in for a popular revolution  
in this country, very much of the  
same order as that in France," said  
a citizen, who is somewhat of a stu-  
dent of sociology. "Only with us we  
will have a deluge of ballots. Instead  
of fire and blood as they did in France  
when the people there revolted and  
swept all organized law and govern-  
ment aside. What we will experi-  
ence here will be a deluge of ballots,  
whereby the masses will assume con-  
trol, voting in every measure that  
takes their fancy, and voting out  
again all who displeases them, and  
repealing by popular verdict laws and  
constitutional checks that regulate pop-  
ular rule. Any one with his ear to  
the ground cannot fail to see that  
this is coming as sure as fate.

"Already in many States many of  
these popular radical changes are in  
effect and the sentiment is spreading  
rapidly. Popular sentiment is also  
changing toward government and of-  
ficials. Heretofore officials, secure in  
their tenure of office, have  
been more or less autocratic, which  
has incurred a deep and growing hos-  
tility and hatred on the part of great  
masses of people, until now the sen-  
timent is pretty nearly unanimous  
that the power that put officials in  
can put them out again at any time,  
when officials cease to be public ser-  
vants and assume lordly and auto-  
cratic airs.

"There are troublous times ahead  
for the old order of things and the  
amount of chaos and confusion that  
will follow depends entirely upon the  
intelligent acceptance of the new con-  
ditions. We can truly say, 'The old  
order changeth.'"

"The most unsanitary thing we  
have in Charleroi is the garbage wag-  
gon," said a Charleroi citizen this  
morning. "That is certainly a great  
nuisance. I live near an alley where  
a number of back yards front and the  
wagon will frequently stand from 15  
minutes to half an hour under our  
window, while the driver collects  
from all of the houses nearby. I'm  
sure the State Board of Health,  
wouldn't permit this condition if its  
attention were called to the nu-  
isance.

"I believe we would have better  
service if a tax were levied for the  
collection of garbage, and council  
enforced the rigid collection. As it

now is we have people in town so  
penurious that they scheme every  
possible way to save spending a den-  
a week to pay for hauling away their  
garbage and accumulate it for two or  
three weeks, which makes it that  
much more offensive when the col-  
lector does take it away.

"Of course the board of health can  
enforce the collection and it does, but  
there are people all the time trying  
to pull it over on both the collector  
and health officer, so that there are  
lots of garbage dodgers in town.  
Dozens of other people complain of  
the offensive garbage wagon, which  
often stands under their windows  
for a long period of time while the  
driver collects from the community.  
It seems to me this nuisance can be  
mitigated in some manner. It is  
surely most offensive."

## "TRUSTIES" MAY WORK AROUND COUNTY JAIL

(Continued from first page.)

his compensation for this work in  
such an amount as the county com-  
missioners and sheriff acting as a  
prison board with the approval of the  
court may fix (not exceeding the lim-  
it fixed by the act of assembly, to  
wit, 25 cents an hour or two dollars  
per day of eight hours) should be  
paid by the county."

The work to be done by the trust-  
ies is keeping the jail clean and san-  
itary, cleaning the county buildings,  
court house, keeping the grounds and  
pavements in order, doing work about  
the boiler and engine houses and  
about the county premises in general.  
None of these shall receive any com-  
pensation, except the sheriff and the  
deputy, who will supervise the letting  
out of the prisoners, be responsible  
for them while out and see that they  
are locked up at night. The com-  
pensation shall be \$1.25 a day.

so bad that I could not sleep day or  
night. While in this condition I read of

The makers who supply us with some of our best styles have certainly surpassed all their former efforts, when they designed these handsome Fall Suits of ours.

## Climate Failed; Medicine Effective

It has been absolutely shown that rest, fresh air and good food do help many persons suffering from Tuberculosis. But it must be admitted that the disease is seldom more than "arrested." Something more is needed. Eckman's Alternative is a medicine made for the treatment of Tuberculosis. It has cured this disease again and again. Often these benefits have been effected where the surroundings were not ideal--yet recoveries resulted. Now we argue that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good, nourishing food and fresh air, which we all need. A remarkable case follows: "Gentlemen: Through Eckman's Alternative I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia. My lungs became very much affected. My sputum was examined and Tuberculosis Bacilli were found. On February 21, 1905, I was advised to go to Fort Worth, Texas. While there an abscess in my lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas, June 21 and arrived in Canon City, June 3 very feeble. After being there two weeks, my physician informed me that my lungs were hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive. "On July 14, 1906, I began taking Eckman's wonderful remedy for Consumption. Today I weigh 128 pounds. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my lungs, eat well, sleep well, and never felt better." (Signed) ALBERT WELSH. Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. ## VALLEY HEADQUARTERS OPENED BY DEMOCRATS

Charleroi to be Central  
Point in Wilson  
Campaign

### EFFECT ORGANIZATION

Meeting Held Monday—Plans  
Being Laid For Monster  
Rally This Month

Democratic headquarters for this part of the Monongahela valley for the advancement of the Wilson-Marshall national ticket, are to be opened up in Charleroi. Monday night a meeting of Democrats was held in the former Plate Glass club rooms, and an organization was effected by the election of E. H. Arrison, president; R. Dale Jolliffe, secretary and Dr. J. W. Manon, treasurer. The Plate Glass club rooms will be used for headquarters which will be second only to the organization in the county.

Plans are under way for a monster Democratic rally to be held sometime this month, when a good array of speakers will be secured. It will hardly be possible to have here Woodrow Wilson the standard bearer of the Democratic party in the national campaign, but the local Democrats will make an effort to go to Pittsburgh in a body to hear him, and Pittsburgh in a body to hear him, and try to participate in the rally to be held in Charleroi.

Twenty-five voters became members of the new organization. Another meeting will be held Friday, when a large number of Democrats are expected to enroll their names. Members will be admitted from Monongahela, California and other points along the Monongahela valley.

Already the leading spirits of the organization have lines out to secure notables for the rally to be held here, an announcement will be made later of their names, together with the date for the rally.

Much "at Home" in  
New Position

WILL BE HERE SHORTLY

Prof. James G. Pentz, former superintendent of the Charleroi schools who recently assumed the position of High School inspector in the State has fitted himself into his niche with the air of one thoroughly familiar with the work, and has become one of the important fixtures of the State Department of Public Instruction. Prof. Pentz has only been out on one trip of High School inspection, since taking up the position, having spent the most of the time at his office in Harrisburg.

It will probably be three weeks before Prof. Pentz will get to Western Pennsylvania, then he will visit Washington county. Next week Prof. Pentz will start on a tour that will embrace visits to Bedford, Adams and Chester counties. This tour will immediately precede his Washington county visit. He will get in some side trips to rural sections that he will have to drive to.

## PRIZES OFFERED IN LIMERICK CONTEST

Unique Idea Put Into Effect Today by Mail Affords Unusual Opportunity for Ingenious Persons—Money to be Divided

Every reader of the Mail will be pleased to learn that with this issue has begun a Limerick Contest in which all subscribers and friends are invited to take part. On another page will be found a series of advertisements of local merchants and at the top of each announcement is a "Limerick" which serves as a model. These business men have co-operated with the Mail in making this one of the most original and unique contests and advertising campaigns ever conducted through a newspaper. As stated by the instructions found on the page with the advertisements, weekly prizes will be given to those writing the best Limericks suited to the advertisements.

Now, get your brain to working and write a Prize Limerick. Every week twenty-eight different Limericks will be published from the number submitted by readers of the Mail. A Limerick is not at all difficult to write. Study the different specimens and especially become acquainted with the names of the advertisers, that you can gracefully work their names into the Limericks. You can write as many Limericks as you please for any week for any or all the merchants represented on the page.

On the page this week there are various forms of Limericks, but there is one special form of construction that is especially desirable. It reads something like this: When the cost of living is high, And prices soar up to the sky, Look over our line—We've everything fine; You'll find—the right place to buy.

The Limerick would of course contain the name of the dealer for whom you are writing the verse, and your own originality and the acquaintance you show with the advertiser will be great factors in winning prizes.

Whoever has started to write Limericks has found a delightful pastime and exercise for the mind. School girls and school boys should begin to use their wits to grind out suitable and snappy Limericks. Even if you don't win a prize, you may have the opportunity of seeing your effort in print. If you want your Limericks published, place your name at the bottom of your contribution. If you desire your name withheld from publication, sign on the back of the paper, so that we will know who is the author in case the Limerick is a prize winner.

You can send in your contributions by mail, or leave them at the office of The Mail, merely marking them for "The Limerick Editor." As formerly stated there is no limit to the number you can submit. If your mind is fertile enough it is suggested that you write one for each advertiser represented in this contest. But do not neglect quality. That is what will win prizes.

The sole object of this Contest is to furnish amusement for readers of the Mail and to familiarize the public with the names of the leading business men of Charleroi. It is especially suggested that you study the window displays of these merchants and visit their stores in order to become acquainted with the special articles they are specializing. Often, by buying an article, you will become acquainted with the merits of their goods and thus be able to write to the point about their goods.

Prizes will be awarded weekly. For other information as to the amount of prizes, etc., turn to the "Limerick Page" and watch for this entertaining feature every Tuesday for the next ten weeks.

Be sure and send all Limericks to the Mail office, not to the advertiser. All Limericks will be carefully read and judged solely on their merits.

## BODY OF BABE FOUND BY ROAD

Sensation Caused by Discovery at Belle Vernon—Investigation Being Made

A woman residing in the vicinity of Speers Run, at Belle Vernon, while walking from her home Tuesday afternoon was greatly surprised to discover the nude form of a baby lying on a vacant lot near the street car tracks.

She hurried to police headquarters and reported her find and Officer Thomas Carnes hurried to the scene of the gruesome find. The policeman notified Deputy Coroner Dr. John W. Gordon of Belle Vernon, who ordered that the infant's body be buried. The officer then interred the body near the scene where it was found.

Strikers at Fayette City Railroad Yards Moving Away From Valley

Many of the men who went on strike at the P. & L. E. yards at Fayette City a week or more ago are leaving the vicinity for other points where they are securing work. Sixty men are now employed at the yards, where previous to the strike 200 or 225 were kept busy. Deputies are guarding the property, although there is no semblance of trouble. Two meetings of the striking men were held Sunday, one in the morning and one in the afternoon. It is thought probable that soon the full number of men will be at work. The strike was called to secure an advance in wages.

## NEW IDEA TRIED IN PITTSBURG

Commercial School Under Heeter Regime is Opened

PART OF HIGH SCHOOL

An innovation in the Pittsburgh schools, a commercial high school course of two years, was started Monday morning in the Ralston School at Penn avenue and Fifteenth street, with nearly 200 pupils in attendance. Superintendent S. L. Heeter made an address and introduced the principal, W. L. Leopold. The new course is designed to meet the needs of pupils who are unable or find it not convenient to complete the full four years' course. In regard to the questions asked of these pupils, especially that in regard to the income of their parents, Superintendent Heeter says:

"In nearly every case all of the questions were answered and there has been no complaint regarding them made by any one, either to myself or to any of the teachers. However, no discrimination was made against any pupil not answering any of the questions and all who wished to attend have been admitted."

Two other new branches of work were opened yesterday—industrial elementary schools for boys and girls over 14 years of age in the North School, Duquesne way, and in the Irwin Avenue School, Northside. O. W. Burrows, principal and 12 instructors and L. H. Turner, principal and the same number of teachers, composed the corps of teachers in both.

So Decides Court in Peculiar Case in This County

### ACTION IS APPROVED

Prison Board Accepts Recommendation of the Court in Premises

The controversy between County Controller J. H. Moffitt and Sheriff R. G. Lutton concerning the work of jail trustees about the Washington court house and jail and the compensation of the sheriff for overseeing the prisoners, has been settled. Judge J. A. McIlvaine. The trustees were sent back to work about the county buildings Monday afternoon, and they were so glad to be released that the order to return was greeted with a cheer.

The release of the trustees followed the action of the court Monday morning, when a tentative opinion was given by Judge McIlvaine in the matter of the dispute between the controller and sheriff. The court also suggested certain rules and regulations for adoption by the prison board, subject to the approval of the court. Later in the day the prison board, consisting of the three county commissioners and the sheriff adopted rules and regulations as suggested. Within a few moments they were approved by the court.

Following the tentative opinion in court Monday morning Judge McIlvaine in the afternoon handed down an opinion covering the entire question. Reviewing the different acts covering the question at issue the court arrives at the following findings:

"First: That male able-bodied prisoners sentenced to simple imprisonment in the county jail for their own good and welfare, ought to be and can be required to perform healthful manual labor both in the jail and on the county buildings and property adjacent thereto and on the public roads.

"Second: That the county commissioners and the sheriff as a prison board, with the approval of the President Judge, can and ought to adopt rules and regulations governing how these prisoners shall be detailed and worked in and about the public buildings as well as when they work on the public roads.

"Third: That the sheriff (or his deputy designated by him for that purpose) can detail the prisoners to do work and look after their safe keeping and good conduct and that:

## VOTERS WHO STAY AT HOME

"In the last Presidential election  
one out of every three citizens who  
could have voted had they taken the  
trouble to qualify and go to the polls  
failed to cast their ballots. In other  
words, more than 7,729,000 of the  
voting population did not exercise  
their sovereign prerogative. That  
is to say, 50,000 more than all those  
votes were cast to elect Taft did not  
vote at all," says the Pittsburgh Dis-  
patch.

"This proportion of about 66 per  
cent of the voting population taking  
part in the polling seems to be fair-  
ly well distributed. In some places  
it may go as high as 75 or 80 per  
cent, but rarely and then under sus-  
picion. Pittsburgh four years ago had  
less than 70 per cent. of its voting  
population registered. To register  
66 per cent of it this year will re-  
quire the qualification of nearly 60,  
000 voters in the next two registra-  
tion days—today and October 6.  
The total registration in 1908 was  
but a fraction over 70,000. Sixty-  
six per cent this year would mean  
about 83,000. If anything like this  
number attempts to register, the  
crush on the last day will be terrific.  
Those who failed to take advantage  
of the first day of registration two  
weeks ago will therefore see the urg-  
ent necessity of not permitting to-  
day's opportunity to pass.

## THE GOSPEL OF DISCONTENT

Speaking of the clamor of discon-  
tent that is permeating the country,  
the cause for which is chiefly attri-  
buted to the magazines, the New  
York Herald says:

We now have the spectacle of a  
very large portion of the country  
teetering on the edge of an upheaval  
because the public is being made to  
believe that it is badly governed and  
suffering, in consequence, from actual  
want. What nonsense! Not in a gen-  
eration has this United States been  
so blessed with prosperity, good  
crops, ample employment and living  
wages. There is not a care for to-  
morrow. Yet the disciples of woe are  
tearing about the country madly in  
luxuries special trains, telling the  
nation that the only way in which it  
can be rescued from its present  
plight is to turn the country upside  
down and inside out.

When people cease trying to buy  
their own inner core incomes, and get  
down to a basis of personal thrift,  
economy and comfort, the cause of  
discontent will have vanished. It is  
not the misgovernment of the coun-  
try that is causing the clamor. It is

the longing for luxuries that are out  
of reach of ordinary people, and the  
foolish attempt to ape extreme fash-  
ions that are ridiculous and expen-  
sive.

## PICKED UP IN PASSING

"We're in for a popular revolution  
in this country, very much of the  
same order as that in France," said  
a citizen, who is somewhat of a stu-  
dent of sociology. "Only with us we  
will have a deluge of ballots, instead  
of fire and blood as they did in France  
when the people there revolted and  
swept all organized law and govern-  
ment aside. What we will experi-  
ence here will be a deluge of ballots,  
whereby the masses will assume con-  
trol, voting in every measure that  
takes their fancy, and voting out  
again all who displease them, and  
repealing by popular verdict laws and  
constitutional checks that regulate pop-  
ular rule. Any one with his ear to  
the ground cannot fail to see that  
this is coming as sure as fate.

"Already in many States many of  
these popular radical changes are in  
effect and the sentiment is spreading  
rapidly. Popular sentiment is also  
changing toward government and of-  
ficials. Heretofore officials, secure in  
their tenure of office, have  
been more or less autocratic, which  
has incurred a deep and growing hos-  
tility and hatred on the part of great  
masses of people, until now the sen-  
timent is pretty nearly unanimous  
that the power that put officials in  
can put them out again at any time,  
when officials cease to be public ser-  
vants and assume lordly and auto-  
cratic airs.

"There are troublous times ahead  
for the old order of things and the  
amount of chaos and confusion that  
will follow depends entirely upon the  
intelligent acceptance of the new con-  
ditions. We can truly say, 'The old  
order changeth.'"

"The most unsanitary thing we  
have in Charleroi is the garbage wag-  
gon," said a Charleroi citizen this  
morning. "That is certainly a great  
nuisance. I live near an alley where  
a number of back yards front and the  
wagon will frequently stand from 15  
minutes to half an hour under our  
window, while the driver collects  
from all of the houses nearby. I'm  
sure the State Board of Health,  
wouldn't permit this condition if its  
attention were called to the nu-  
isance."

"I believe we would have better  
service if a tax were levied for the  
collection of garbage, and council  
enforced the rigid collection. As it

now is we have people in town so  
penurious that they scheme every  
possible way to save spending a dime  
a week to pay for hauling away their  
garbage and accumulate it for two or  
three weeks, which makes it that  
much more offensive when the col-  
lector does take it away.

"Of course the board of health can  
enforce the collection and it does, but  
there are people all the time trying  
to pull it over on both the collector  
and health officer, so that there are  
lots of garbage dodgers in town.  
Dozens of other people complain of  
the offensive garbage wagon, which  
often stands under their windows  
for a long period of time while the  
driver collects from the community.

his compensation for this work in  
such an amount as the county com-

prison board with the approval of the  
court may fix (not exceeding the lim-  
it fixed by the act of assembly, to

The work to be done by the trust-  
ies is keeping the jail clean and sani-  
tary, cleaning the county buildings,  
court house, keeping the grounds and  
pavements in order, doing work about  
the boiler and engine houses and  
about the county premises in general.  
None of these shall receive any com-  
pensation, except the sheriff and the  
deputy, who will supervise the letting  
out of the prisoners, be responsible  
for them while out and see that they

## MRS. STEVENS RECOVERS

After Years of Suffering,  
Tells How Her Health  
Was Regained.

Waurika, Okla.—"I had female trou-  
bles for seven years, was all run down,  
and so nervous I could not do any-  
thing. The doctors treated me for dif-  
ferent things but did me no good. I got  
so bad that I could not sleep day or  
night. While in this condition I read of  
Lydia E. Pinkham's Vegetable Com-  
pound, and began

its use and wrote to you for special  
advice. In a short time I had regained  
my health and am now strong and well."  
—MRS. SALLIE STEVENS, R.F.D., No. 2,  
Comanche, Okla.

Another Woman Recovers.  
Newton, N.H.—"For five years I suf-  
fered from female weakness and drag-  
ging down pains. Lydia E. Pinkham's  
Vegetable Compound has restored my  
health and the pains are gone."—Mrs.  
F. A. PEASLEE, R.F.D., Box 88.

Because your case is a difficult one,  
doctors having done you no good, do not  
continue to suffer without giving Lydia  
E. Pinkham's Vegetable Compound a  
trial. It surely has remedied many cases  
of female ills, such as inflammation, ul-  
ceration, displacements, tumors, irregu-  
larities, periodic pains, backache, and it  
may be exactly what you need.

If you want special advice write to  
Lydia E. Pinkham Medicine Co. (confi-  
dential) Lynn, Mass. Your letter will  
be opened, read and answered by a  
woman and held in strict confidence.

highly. My principal trouble was  
backache, but I was also annoyed by  
headaches and dizzy spells and dif-  
ficulty with the bladder."

Doan's Kidney Pills helped me at  
once and I also know of other per-

results."

## ONE ARREST MADE IN ASSAULT CASE

Negro is Nabbed in Connection With Attack on Aged Woman

The State police of Fredericktown made one arrest Monday night in connection with the attack last Saturday night on Miss Hackney, aged 52, a wealthy spinster, who lived alone in East Millsboro. George Davis, aged 26, a negro who boarded at the home of Mrs. Ellen Black the negress who was gagged and bound on a couch on the first floor of Miss Hackney's home, was arrested at his boarding house on a charge of being an accomplice to the assault.

Davis answers the description furnished the police by Miss Hackney, early Monday morning after the robbery and assault. When the police called at the boarding house conducted by Mrs. Black Davis attempted to get away through a rear door, but was captured as he rushed out. Miss Hackney is still in a critical condition.

## Climate Failed; Medicine Effective

It has been absolutely shown that rest, fresh air and good food do help many persons suffering from Tuberculosis. But it must be admitted that the disease is seldom more than "arrested." Something more is needed.

Eckman's Alternative is a medicine made for the treatment of Tuberculosis. It has conquered this disease again and again. Often these benefits have been effected where the surroundings were not ideal--yet recoveries resulted. Now we argue that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good, nourishing food and fresh air, which we all need. A remarkable case follows:

Gentlemen: Through Eckman's Alternative I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia. My lungs became very much affected. My sputum was examined and Tuberculosis Bacilli were found. On February 22, 1905, I was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas, June 21 and arrived in Canon City, June 3 very feeble. After being there two weeks, my physician informed me that my case was hopeless. Three weeks later I returned home weighing 108 pounds, the doctor having given me assurance of reaching there alive.

On July 14, 1905, I began taking Eckman's wonderful remedy for Consumption. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my lungs, eat well, sleep well, and never feel better. (Sworn affidavit) ARTHUR WEBB

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists.
